#### **SUMMARY**

California law requires that school districts take certain prescribed actions in the adoption of the annual operating budget. Aside from assuring that governing boards will review the Proposed Budget in an orderly fashion, the statutes are intended to afford the community an opportunity to review and comment on the spending plan for the school district.

This document is intended to provide the School Board of Trustees, staff and community with information on the 2020-21 Proposed Budget of the Kentfield School District. This year's budget is within the context of a "workload" budget, in which "business as usual" is the major assumption. The budget also considers all state reductions presented on the Governor's May Revision. Administration will continue to monitor all developments related to the COVID-19 Pandemic and make any necessary budget adjustments as the year progresses. According to State Education Code, if significant changes occur in the final State budget adopted by the Legislature and signed by the Governor, a new district budget will be presented to the Board within forty-five (45) days. Otherwise, the next time the budget will be presented to the Board will be the First Interim report, December 2020.

Once the School Board of Trustees adopts the Proposed Budget it becomes the District's Adopted Budget. Subsequent revisions will be made to the Adopted Budget, as necessary, throughout the 2020-21 fiscal year. The California Department of Education (CDE) and Marin County Office of Education (MCOE) require the District to update its budget twice a year. The First Interim Reporting Period reflects updates to the Adopted Budget as of October 31. The second update, or Second Interim Reporting Period, reflects updates as of January 31.

## **Budget Certification**

The state requires that each district submit their budget report with one of the following certifications:

- Positive: the district will be able to meet its financial obligations for the current and subsequent two fiscal years.
- Qualified: the district will be able to meet its financial obligations for the current year
   and may not be able to meet its financial obligations for the subsequent two fiscal years
- Negative: the district will not meet its financial obligations for the current and the subsequent two fiscal years.

It is recommended that the budget be submitted with a **positive** certification.

#### **ASSUMPTIONS**

The following are some of the major assumptions in this budget:

- The projected enrollment for 2020-21 is 1,124 with an attendance rate of 96.0%, approximately 1,079.04 average daily attendance (ADA).
- There is a 4.0% increase in Property Tax revenue for 2020-21. The Multi-Year Projection (MYP) includes an estimate of 2.5% increase in 2021-21 and a 2.5% increase in 2022-23. Subsequent years include conservative projections due to COVID-19 uncertainties.
- The Parcel Tax rate is \$1,542.94 per parcel for 2020-21 and increases by 3.0% in each of the following two years to \$1,589.23 in 2021-22 and \$1,636.91 in 2022-23. Kentfield School District has approximately 2,900 tax paying parcels.
- Kentfield Schools Foundation continues to support the Kentfield School District with a generous contribution and has committed to provide the District with their annual contribution of \$1,000,000.
- The Kentfield Schools Parent Teacher Association continues to support the Kentfield School District with a preliminary grant of \$65,000 for 2020-21.
- State Unrestricted Lottery funding is projected at \$135.90 and State Restricted Lottery is projected at \$47.70 per ADA. This reflects a reduction of 10.0%.
- Mandated Cost reimbursements are budgeted at \$28.96 per Average Daily Attendance (ADA). The Governor's May Revise included a 10.0% reduction for state sponsored programs. This amount reflects this reduction.
- The Special Education Program Cost of Living Adjustment (COLA) is 2.31%, however COLA funding for the Special Education Program is not recognized.
- The Kentfield School District will qualify for Federal Programs including Title I and for the budget year, 2020-21 includes additional funding of \$24,404 from the Federal CARES Act.
- Employee salary increases are reflected in the 2020-21 Proposed Budget including an across the board increase of 2.5%.
- Costs of salaries and benefits due to step and column changes are included as well.
- The state's May Revision includes a subsidy to CalSTRS rate. It is anticipated the CalSTRS rate to decrease from 18.41% to 16.15% in 2020-21 and from 18.2% in 2021-22 to 16.02%.
- The anticipated CalPERS rate on qualifying classified payroll would be reduced from 22.67% to 20.70% in 2020-21 and from 25.0% to 22.84% in 2021-22.

- The District health and welfare contributions are capped at \$1,565.80 per month for for employee plus one dependent.
- The rates for OASDI, Medicare and State Unemployment are 6.20%, 1.45% and .05% respectively for all qualified payroll amounts. Workers' Compensation rate is anticipated to remain at the same level of 1.038% for all covered salaries.
- Special Education revenue is based on projections from the Special Education Local Plan Areas (SELPA) allocation plan. The Marin Pupil Transportation Agency (MPTA) does not budget for any State entitlement and is therefore funded by revenues form member districts.

#### **REVENUE**

#### LOCAL CONTROL FUNDING FORMULA (LCFF)

The Local Control Funding Formula (LCFF) is the primary source of revenue for school districts in the state of California. Most California school districts' LCFF consist of state aid and property tax collections, with a maximum LCFF allocation based on average daily attendance multiplied by a per student amount. Due to high property values within the District's boundaries, the Kentfield School District is known as a "community funded" district. Being a community funded district means that the property tax collections exceed the amount that would be received based on the State's calculation using average daily attendance multiplied by a per student amount. The California State Constitution requires that the state provide a minimum allocation, or "basic aid," for public education and since 1958 the minimum support level has been \$120 per average daily attendance. However, in the 2013-14 State budget, the \$120 per average daily attendance amount was taken away from all community funded districts. Now, this "basic aid" minimum state support comes to the District within the Education Protection Account. The District receives \$200.00 per average daily attendance through the Education Protection Account to satisfy the State's responsibility. This "basic aid" state allocation has been reduced by 10.0% to account for the state's reductions for all state districts.

#### **FEDERAL REVENUE**

Federal Revenue is provided to school districts from the federal government. For Kentfield School District, this source of income is 2.0% of the total revenues. These funds are all categorical and are restricted in their use. Title I funds will be used for academic intervention, Title II for staff professional development, and Title III for English language development. In 2020-21, federal revenue is projected to be \$299,882.

#### **OTHER STATE REVENUE**

Other State Revenue includes funding from the California Lottery Program and the State's Mandated Block Grant.

#### LOCAL REVENUE

Local Revenue contains all the revenues that are not derived from Federal or State sources. The two primary sources of local revenue are the parcel tax and the Kentfield School Foundation, which combined contribute \$5,993,444 to total revenue.
