To advise the Board and staff on topics related to but not limited to disaster preparedness, emergency drills, crisis response, injury and Illness Prevention Program, review of the [Comprehensive School Safety Plan](#), collaboration with public safety officials, assessment adequacy of safety features and facilities.

TIME	Topic
9:00 am	Welcome
9:05 am	Suicide Prevention Work - Heidi Longo, Kent Counselor Here is the digital presentation about the Signs of Suicide program that Heidi Longo shared during the meeting.
9:25 am	Emergency Preparedness - Wendy → Overview of Latest Emergency Drills - The fire drills held on March 31 (Kent) and April 15 (Bacich) gave students another opportunity to evacuate to their emergency line-up locations. For the staff, the focus was to practice employing internal processes (deployment of safety teams, checking on supplies in the emergency shed, and supervision team practicing their role). - The final drills of the school year at each site were held on April 29 (Kent) with an earthquake evacuation practice and on May 6 (Bacich) with a lockdown drill. The primary focus of the drills was to practice the Tag & Ticket process, with the deployment of members of the Student Release and Student Authorization emergency teams at both

	<p>sites and the Gate team at Kent. About 10 parents at each school volunteered to pick up their children so that the teams could activate the Tag & Ticket student release steps. There were many learnings and take-aways from the drills that will help refine the steps that team members will take in the future. It served to better prepare the emergency teams for the larger scale emergency drill planned for the fall.</p>
9:40 am	<p>Step to Address Fentanyl & Opioid Crisis - Laurel As a way to reverse opioid overdoses, Narcan has been provided to middle and high school offices in Marin County. Kent office staff will be trained on administering the Narcan as an overdose treatment to community members in need.</p>
9:50 am	<p>Public Health & School Operations Update - Laurel & Raquel Public Health Recommendations - End-of-Year Activities Per recommendation by Marin Public Health, indoor gatherings of 50+ people at schools will require masking by participants.</p>
10:00 am	<p>Closure & Thank You Thank you for your engagement in our Safety Committee meetings this year. We appreciate your input so that we can continually refine our practices related to emergency preparedness and ensure the physical and social-emotional safety of our school community members.</p>
