

13 Reasons Why Guide

Netflix will release the second season of *13 Reasons Why* on 5.18.2018.

The specific storyline(s) of the second season have not been confirmed. It is anticipated that the series may cover storylines surrounding a suicide attempt, a rape trial, and a school shooting – based upon what was taking place in the series at the end of the first season.

Please remember that while the series can help stimulate conversations about important topics, we must also be mindful that the content of the series may also work to cause emotional distress or suicidal ideation/attempts in vulnerable students.

Attached are some resources developed by the National Association of School Psychologists (NASP) to help schools and families engage in supportive discussions with youth and respond to the needs of those who may have been triggered by viewing the series.

Attached you will find the following:
